THE CANARY ISLANDS ARE INTEGRATED WITHIN THE INTERNATIONAL FISCAL TRANSPARENCY REGULATIONS

The Canary Islands have extremely transparent fiscal regulations, fully approved by the European Union and Double Treaty Agreements signed by Spain. Recently, several actions have been adopted to combat tax avoidance and offshore tax evasion by the OECD and the G20 governments.

These transparent fiscal regulations, administered by the Economic and Fiscal Regimen of the Canary Islands (REF), offer a range of attractive tax advantages within the legal framework of the EU and Spain.
